General Information

This documentation contains important information that you must observe when following the descriptions. The information is highlighted as notes and arranged according to type and importance. The notes are listed below in ascending order of importance:

TIP

This represents **no risk**. In addition to the classic clicking on options, Business Central also offers the option of using so-called shortcuts. Shortcuts are key combinations with which you can also execute the desired action in the user interface. By using shortcuts, you can work faster and more effectively. Try the key combination and you will be surprised how much faster you can work.

NOTE

This represents **no risk**. This note contains important information on the correct use, configuration or operation of the software. Follow these instructions to avoid inefficiencies and unnecessary support tickets. For example, this note can show you that an option is hidden and tells you how to proceed if you want to show it again.

IMPORTANT

This represents a **low risk**. This notice refers to non-critical issues that may lead to undesired behavior or configuration problems. May affect user experience or functionality if not considered.

CAUTION

This represents a **medium risk**. This notice indicates a potential problem that could affect system stability or data integrity. Failure to comply may result in errors, loss of performance or partial service interruptions. The errors caused by non-compliance only affect the app itself and prevent you from working with data within the app.

WARNING

This represents a **high risk**. This notice indicates an immediate and serious risk to the productive system. Failure to observe this warning may affect the entire system. There is a risk of loss of critical data or total system failure, leading to prolonged downtime. It may not be possible to restore the data and a backup must be imported.

Beyond Person In Charge is an extension for Microsoft Dynamics 365 Business Central.

Beyond Person In Charge adds the **Person in Charge** field to your Business Central. You can assign a fixed person in charge to a customer or vendor. This person acts as a fixed contact person for customers and internal queries about documents.

The assigned person in charge is automatically stored in each document in Purchase, Sales and Service documents. You can also assign a person in charge to a user; all documents created by this user are automatically assigned to this person in charge.

The latest version of this documentation can be found at the following link: [Beyond Person In Charge Documentation](#).

The examples described in this documentation represent only a part of the possibilities that the **Beyond Person In Charge** solution offers you. If you have a specific case that you would like to map via the solution, please feel free to contact us.

i NOTE

No dependencies from or to other apps

No dependent applications are required to use **Beyond Person In Charge**, i.e. you do not need to install any additional applications.

Assign User Permissions

The following description shows how to assign user permissions for the **Beyond Person In Charge** extension. The permission sets provided are:

Permission Set	Description
BYD PC ALL	This permission set enables the use of the Beyond Person In Charge extension.

To assign the permission set for **Beyond Person In Charge** to a user, proceed as follows:

1. Open the search function from the role center (**ALT+Q**).
2. Search for **Permission Sets** and click on the appropriate search result.
3. The **Permission Sets** page is displayed.
4. Select one of the above permission sets from the list.
5. Click **Related > Permissions > Permission Set by User** in the menu bar.

6. The **Permission Set by User** page is displayed.
7. Show the filter area (**SHIFT+F3**) and pick **Extension Name** and the value **Beyond Person In Charge** as filter criteria.
8. The list is filtered to the permission sets of **Beyond Person In Charge**.
9. Select the check box on the right side of the page for the user or users to whom you want to assign the permission set.

You have assigned a permission set for **Beyond Person In Charge** to a user. Note that users with the **SUPER** permission set have all rights, i.e. you do not need to give this user any additional rights.

Create Person in Charge

This chapter describes how to create a person in charge in the system.

To create a person in charge, proceed as follows:

1. Open the search function from the role center (**ALT+Q**).
2. Search for **Person in Charge** and click on the appropriate search result.
3. The **Person in Charge** list is displayed.
4. To create a new person in charge, click **New** in the menu bar.
5. The **Person in Charge** card is displayed.

Person In Charge Card

General

Code	*		Phone No.	
Name			Fax No.	
E-Mail			Mobile Phone No.	

6. Enter a code for the person in charge in the **Code** field.
7. In the **Name** field, enter the name of the person in charge.
8. In the **E-Mail** field, enter the email address of the person in charge.
9. In the **Phone No.** field, enter the phone number of the person in charge.
10. In the **Fax No.** field, enter the fax number of the person in charge.
11. In the **Mobile Phone No.** field, enter the mobile number of the person in charge.

You have created a person in charge.

For more information on how to assign the person in charge to a vendor, see the [Assign Person in Charge to a Vendor](#) chapter.

Assign Person in Charge to a User

This chapter describes how to assign a person in charge to a user.
To assign a person in charge to a user, proceed as follows:

- 1. Open the search function from the role center (**ALT+Q**).
- 2. Search for **User Setup** and click on the appropriate search result.
- 3. The **User Setup** list is displayed.
- 4. To assign a person in charge to a user, click **Edit** in the menu bar.
- 5. Click in the **Person In Charge Code** column for the appropriate user.

← User Setup

Search

+ New

Edit List

Delete

User ID ↑								Person In Charge Code
→	ADMIN	⋮					☐	JOHN DOW

- 6. Specify the person in charge you want to assign to this user.

You have assigned a person in charge to a user. The assigned person in charge will be added for all documents created by this user. Please note that individual settings such as the specification of a person in charge on the **Customer Card** or **Vendor Card** overwrite the setting for the user. When a document is created, the person in charge of the corresponding customer or vendor is used as a priority.

For information on how to create a person in charge, see the [Create Person in Charge](#) chapter.

Assign Person in Charge to a Vendor

This chapter describes how to assign a person in charge to a vendor.
To assign a person in charge to a vendor, proceed as follows:

- 1. Open the search function from the role center (**ALT+Q**).
- 2. Search for **Vendors** and click on the appropriate search result.
- 3. The **Vendors** list is displayed.
- 4. Open the card of the vendor to whom you want to assign a person in charge.
- 5. On the vendor card, under the **General** tab, click in the **Person In Charge Code** selection field and select a person in charge. For more information on how to store a person in charge in the system, see the [Create Person in Charge](#) chapter.

Person In Charge Code ..

You have assigned a person in charge to the vendor. The assigned person in charge is maintained in each document for this vendor.

NOTE

Person in Charge for Vendors By assigning a person in charge on the vendor card, this person in charge is primarily used in documents. The person in charge linked to the user is not used, even if this user creates the document for this customer.

NOTE

Beyond Reports

If you use Beyond Reports, the person in charge can even be printed in the documents.
For more information on Beyond Reports, please visit [DOCS - Beyond Reports](#).

Assign Person in Charge to a Customer

This chapter describes how to assign a person in charge to a customer.
To assign a person in charge to a customer, proceed as follows:

- 1. Open the search function from the role center (**ALT+Q**).
- 2. Search for **Customers** and click on the appropriate search result.
- 3. The **Customers** list is displayed.
- 4. Open the card of the customer to whom you want to assign a person in charge.
- 5. On the customer card, under the **General** tab, click in the **Person In Charge Code** selection field and select a person in charge. For more information on how to store a person in charge in the system, see the [Create Person in Charge](#) chapter.
